**For visualization purposes only. Actual coverage areas may vary.*

DVR INCIDENT RECORDING FOR EVIDENCE AND ACCIDENT CAPTURING

Situational Awareness Packages provide **ENHANCED VISIBILITY** inside and outside of the vehicle. All at the driver's fingertips.

DIGITAL REAR-VIEW MIRROR

An anti-glare 9.66" LCD screen enables drivers to see what's going on behind the truck body from a clear streaming video feed transmitted by a rear-mounted HD camera that captures a 170° view.

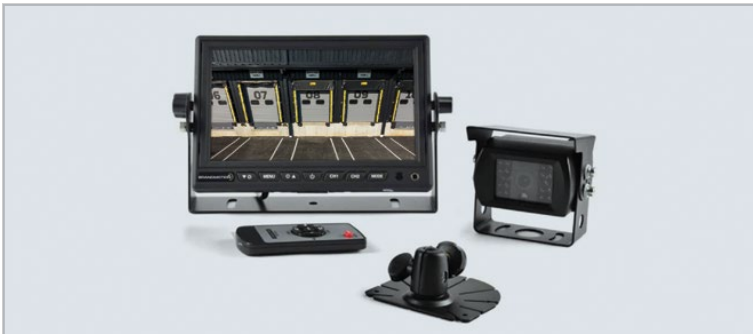

**included in all packages*

BACK-UP PROXIMITY SENSORS

Detects objects behind the vehicle, displays distance on an LED panel, and provides an audible alert when objects are too close (set of four).

**included in all packages*

BACK-UP CAMERA SYSTEM

7" digital monitor connects to cameras mounted on the back of the vehicle. Infrared illuminators enable visibility even in the dark.

**included in package SA 3.0*

CARGO AREA CAMERA

Supplements the Digital Rear View Mirror with cargo area monitoring to identify potential hazards including cargo load shifts.

**included in package SA 5.0*

360° CAMERA SYSTEMS + MONITOR

Four HD 1080p cameras with DVR and 9" touch screen provide optimal visibility of surrounding environment in real time. 3D imagery improves safety and maneuverability, and helps manage distance of potential hazards.

**included in package SA 5.0*

Better protection of your drivers, equipment and cargo with Situational Awareness Packages offered by Morgan Canada Corporation. Each package is designed to assist with easing the burden placed on drivers by improving visualization of what's happening behind and around the truck, as well as in the cargo bay.
